Cut list 1:1

44.0 mm pin, step 7

28.8 mm pin, step 5

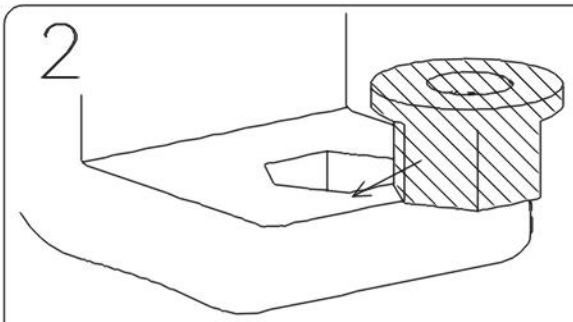

2 mm steel rod, 75 mm with cuts. Lay it on a line, mark, cut, file square.

1

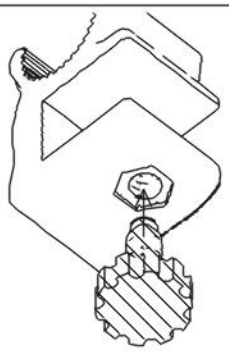

1x clamp: lay it down first

2

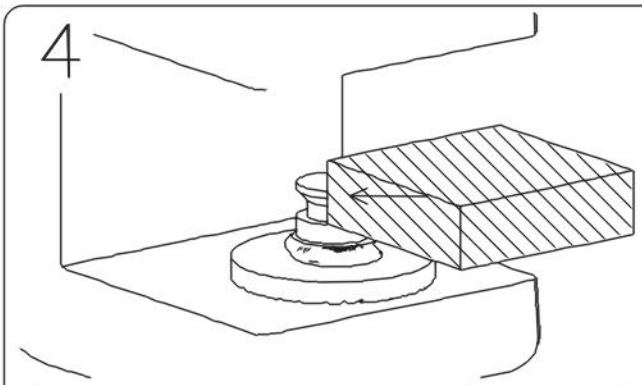

1x nut: key onto clamp; check: the screw turns in by hand all the way through

3

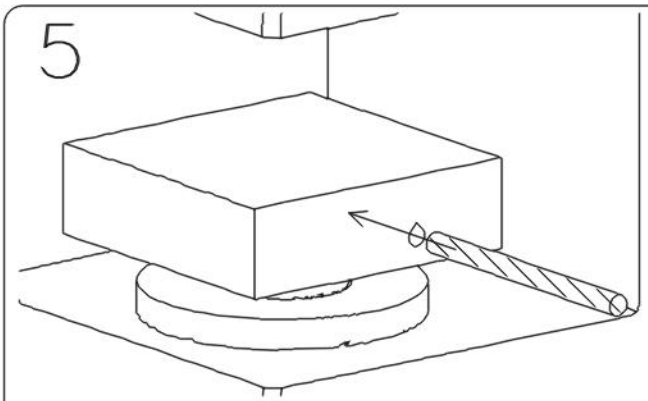

1x screw: turns free on nut; check: turns in the nut by hand; the pad turns freely on its tip

4

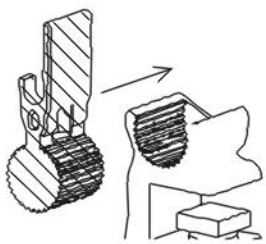

1x pad: turns free on screw; check: sits flat under the table; turns on the screw tip, can't come off

5

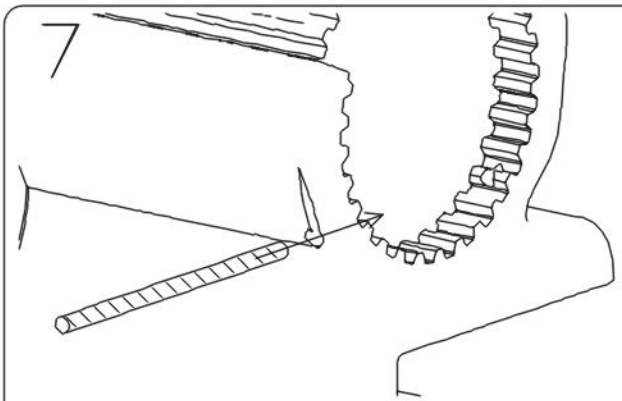

1x pin (rod, cut 28.8 mm): press onto pad

6

1x holder: sliding clamp; check: the hub slides into the socket at every angle with the teeth meshed; the phone stands in the cup with its charger plugged in down the middle slot

7

1x pin (rod, cut 44.0 mm): sliding clamp
